Address:

Wentzville

Price:

500.00 \$

Homemade cultivator. Frame is 2.5"x2.5"x1/4" steel tube. It has 9 heavy-duty tines that came off of a John Deere cultimulcher. The tines can be adjust laterally and can be unbolted and removed for transport. It is 72"x 37". The hitch is Cat 1, but could work well on a small Cat 2 tractor. This piece is designed as a cultivator, but could be used as a chisel plow in the right soil conditions. \$500. Cash only. 314-922-1481
